

# Can you describe the changes in seasons? Does it snow in England in the sum- England in the sum-

## Key Knowledge and Concepts

Word	Definition
day	Time between sunrise and sunset
night	Time between dusk and dawn when there is no
sun	A large star that gives light to the world
moon	Large object that travels around earth

There are 4 seasons and they are called Spring, Summer, Autumn and Winter.

Each season happens once a year.

The weather normally changes with the seasons.

The weather is cold in winter but hot in summer

The days are shorter in winter and longer in summer.

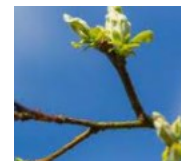

In spring the plants begin to grow, and baby animals are born

Moon and sun

sunrise

In Autumn some animals hibernate but wake up in spring.
