land-marks	A well known building or place.	continents	A large solid area of land
geography	It is about the Earth's land, water, air and living things		

Key Knowledge and Concepts

The world is split into seven continents.

National Forests and reserves can be different in different parts of the world. They both have human (man-made) and physical (natural) features.

Bradgate Park- England

Masai Mara Nature Reserve- Kenya

At Bradgate Park, we can find deer, bats and the yellow-hammer bird.

In the Masai Mara Nature Reserve, can we find lions, elephants, rhinos, leopards and buffalo.

Masai Mara has camps and lodges so people can stay but you can only visit Bradgate Park.
