

Why do we love to be beside the seaside?

Word	Definition
cliff	a steep natural wall of rock
coast	where the land meets the sea
harbour	area of water where ships are kept
seaside	land next to the sea
port	a town or city where ships unload their cargo
beach	land next to the sea using sand or pebbles

Key Concepts

The five oceans are Atlantic, Pacific, Indian, Arctic and Southern.

The coastline around the UK is where you can find seaside resorts.

Towns are often bigger than villages and more people live there.

Things you might find at the seaside

	beach		harbour
	cliff		shops
	sea		

Padstow, Cornwall.
